

# HomeMeal.

## Online business registration (Gewerbeanmeldung)

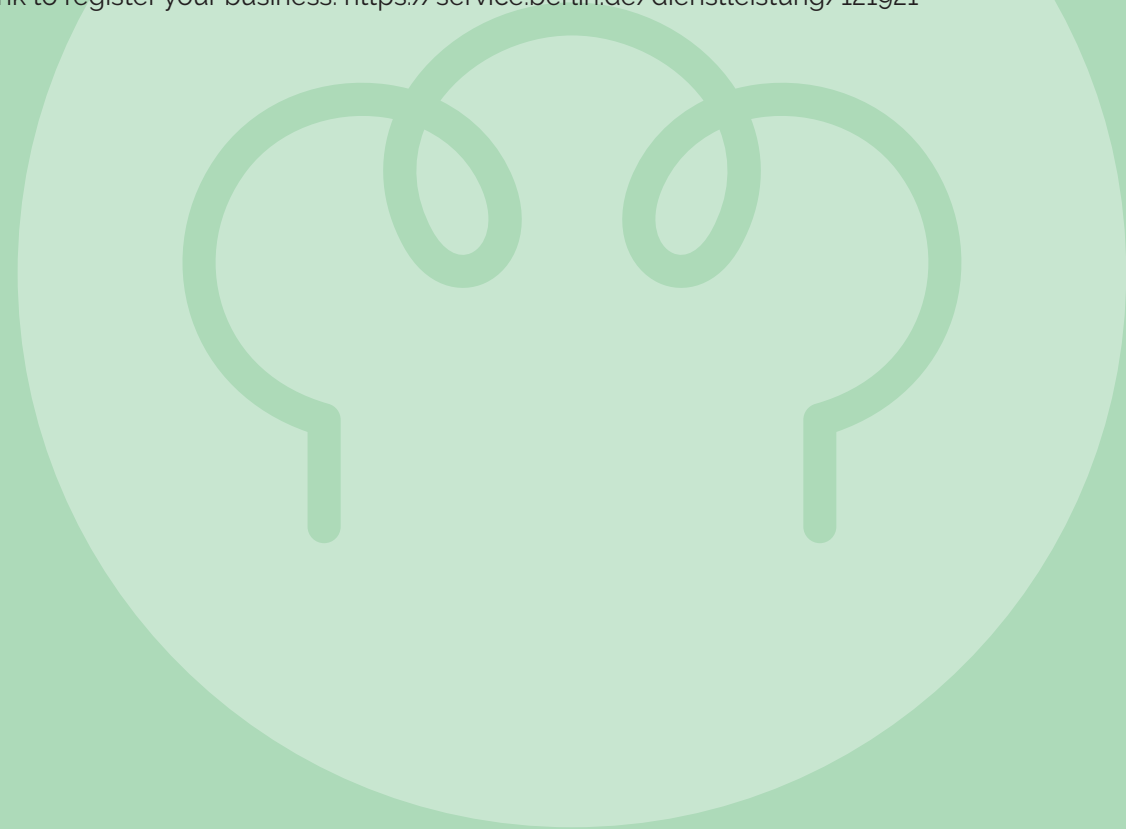

Business registration is done after you are onboarded on the app. It takes 10 mins and 15€ online payment.

After you receive your red card and are well-informed and competent on food hygiene regulations, you can apply for business registration.

For successful registration you'll need a letter from us (we'll send it to you after we get a copy of your red card and document where you describe how & what you studied for food hygiene regulation). While registering your business online, you need to attach this letter to the application. After the application, your case will be examined by the registration office and you will be provided the confirmation of the business registration.

You can start operating before you get the official confirmation from the Gewerbeamt. We will provide you step-by-step video guide for what to fill in the registration form after you are onboarded.
